## Illiad: Homer never had it this easy!

Homer, the author of *The Iliad* and *The Odyssey* never had it so easy to get the resources he needed to write his books. Maybe he used slaves to get materials and check his facts. You have it much easier to obtain materials. The library has a new way of ordering books and journal articles that are not available in the UW Fox Valley Library. On the UW-Fox Valley Web Page and click on the ILLIAD icon on the left side of the page. Have your Student ID/Library card ready to login and simply fill in the blanks. The request goes directly to Pat Warmbrunn, Library Assistant, who will finish processing your request and will send you an e-mail when your materials arrive for pick-up at the Library Circulation Desk.
